STARTING UP

CONTROL STICK FUNCTION

The Nintendo 64 Control Stick uses an analog system to read the angles and directions of its movement. This allows subtle control that is not possible using the conventional + Control Pad.

When turning the Control Deck power ON, do not move the Control Stick from its neutral position on the controller.

If the Control Stick is held at an angled position (as shown in the picture on the left) when the power is turned ON, this position will be set as neutral. This will cause games using the Control Stick to operate incorrectly.

To reset the neutral position once the game has started, let go of the Control Stick so it can return to its center position (as shown in the picture on the left) then press START while holding the L and R Buttons.

The Control Stick is a precision instrument — make sure not to spill liquids or place any foreign objects into it. If you need assistance, contact a Nintendo Authorized Repair Center.

HOLDING THE NINTENDO® 64 CONTROLLER

While playing **Disney/Pixar's Toy Story 2**, we recommend you use the hand positions shown at left. By holding the controller like this, you can operate the Control Stick freely with your left thumb. Using your right thumb, you can easily access the A, B or C Buttons. Place your left index finger on the Z Button on the back of the controller.

CONNECTING THE NINTENDO® 64 CONTROLLER

To play **Disney/Pixar's Toy Story 2**, connect a controller to socket one located on the front panel of the control deck.

If you change the connection during the game, you will need to turn the power OFF to make the connection active.

RUMBLE PAK™/CONTROLLER PAK

Disney/Pixar's Toy Story 2 is compatible with the Rumble Pak accessory. Before using it, read the Rumble Pak accessory instruction booklet carefully.

The Controller Pak gives the player the option to save a game at the end of each level. Only swap the Controller Pak and Rumble Pak when prompted to by the game.

MAIN MENU

DISNEY/PIXAR'S TOY STORY 2

All the toys are together in Andy's room, Buzz and Rex are playing the Buzz Lightyear video game.

Woody excitedly prepares for his annual trip to Cowboy Camp with Andy, but when

Woody's arm is accidentally torn, he has to stay home.

While Andy is away, Woody is accidentally placed outside at a garage sale. Even though Andy's mother

insists that Woody is not for sale, a greedy toy collector steals Woody when she's not looking.

Buzz desperately tries to save Woody from this stranger, but he's too late. Luckily, a personalized

license plate on the toy collector's car gives Buzz a clue how to find Woody. Buzz makes plans to get Woody back safely by the time Andy comes home from camp.

Buzz has to enlist the help of all the toys in the family to bring Woody back and save him from this unpleasant man. They are all in store for an amazing adventure as Buzz must get out of the house, through Andy's neighborhood, and into the thieving collector's toy store.

When Buzz reaches the toy store, he realizes that Woody is still nowhere to be found! Buzz must hitch a ride to the toy collector's house to find Woody and rescue him.

While Buzz is trying to reach his pal to bring him back home, Woody is falling under the spell of a wise old toy. The Prospector doesn't want Woody to go back to Andy because Woody is the final missing piece to create toy fame for the old Prospector. The Prospector convinces Woody that he is old and Andy is going to grow tired of him.

When Buzz finally makes it to the toy collector's house to rescue Woody, Woody doesn't want to go! Buzz must remind Woody about their toy family and their best friend, Andy.

PLAYING THE GAME

To progress through the game, you need to collect Pizza Planet Tokens. As you collect more tokens, more zones of the map will open up for you to explore. There are five zones in the game.

There are five tokens per level (except when you must fight the big bosses). You don't need all five tokens to progress to the next level, but as the game goes on, you will need more tokens to get through to the later zones.

You must get through all the zones to win the game and rescue Woody. There are five different ways on each level to get tokens:

Coins—Collect coins to give to Hamm. When he is happy with the number of coins you have given him, he will give you a token.

Mini-Boss—Each level will have one unique enemy that must be defeated for a token.

Five Collectibles—Each level will have a character that gives Buzz the task of finding five objects. For example, Buzz must find five of Bo-Peep's lost sheep in Andy's House.

Puzzle—There is a puzzle on every level. Every time you solve a puzzle you will get a token.

Race—Every level has a time-based obstacle course or race that you must beat in order to obtain a token.

BUZZ LIGHTYEAR'S MOVES

You can do loads of cool things with Buzz Lightyear in this game. Except fly!

RUN

Use the control stick to navigate Buzz through the levels. He never gets tired. He's a Space Ranger!

JUMP

Press the A Button to make Buzz jump. Press the A Button when Buzz is in the air to make his wings extend to get an extra double jump.

GRAB N' PULL UP

If Buzz runs or jumps into an edge he will grab it and pull himself up.

POLE CLIMB

If Buzz runs or jumps into a pole or chain, or maybe even a plant stalk, he'll grab onto it and climb up. Don't forget he can also slide down too!

ZIP LINE SLIDE

If Buzz jumps into a zip line, he'll grab it and slide down to wherever it goes. Press the A Button and control stick left/right to jump off the zip line.

PUSH

Buzz can push some items in the game—be on the lookout for those items.

SUPER FOOT STOMP

Press the A Button to make Buzz jump, then press C-Down to make him do a super foot stomp. Use the Foot Stomp to press buttons, operate machinery, or catapult Buzz into the air.

TARGETING MODE

Buzz can switch to an inside-the-helmet-mode to target enemies or to use his Space Ranger grappling hook. Press the R Button or C-Up to enter helmet-cam mode and the Z Button to lock onto enemies or grapple points.

LASER FIGHTING

Buzz's laser is his primary weapon. Press the B Button to fire the laser either in regular or targeting mode. Hold down the B Button and release when the charge meter is full to fire a super-charged laser.

SPACE RANGER SPIN ATTACK

Buzz can do a spin attack by pressing C-Down. This can also deflect some enemy attacks if you time it right. Hold down C-Down and release when the charge meter is full to do a super-spin attack.

HELPER CHARACTERS

MR. POTATO HEAD®

Mr. Potato Head® keeps losing pieces of his body. Bring these back to him and he will give you a special Space Ranger power-up. Once opened, that Space Ranger power-up can be reused throughout the game.

REX

You'll find Rex in every level somewhere. He's there to help guide you and give you advice on what to do to get the five tokens.

SLINKY® Doc

You'll find Slinky® Dog on some levels ready to offer you a tough challenge in order to get a token. Remember, Slinky® Dog is on your side!

HAMM

Give Hamm the coins Buzz has collected. He is always happy to accept a donation.
